simply the finest choice

SIMPLY
STAINLESS®

What you see here is simply the best choice available today.

It won't surprise you to learn that in selecting our range we applied the same criteria that we apply to our product.

We looked for good design, quality and sensible prices.

But equally important we listened to what our customers had to say and after considerable deliberation settled on the range you see below! ... and much more at

www.simplystainless.com.

The range we offer includes work benches with and without splash-backs, corner benches, sink benches with splash backs, dish wash outlets, dish wash inlet benches with sinks. Soiled benches with splash back and bowl, + wall shelves - mobile gastronorm trolley - tier trolley - adjustable solid storage shelving, salamander benches.

We also supply a range of accessories to enable you to do a complete fit-out in Simply Stainless.

simply the best value

SIMPLY
STAINLESS®

Our commitment to higher quality and lower prices can be seen in every item we make.

We also keep costs down by utilising state-of-the-art plant in a modern purpose built factory.

So how can we produce such quality at such low prices? The answer is beautifully simple.

By manufacturing large numbers of popular items we massively reduce the costs. The price advantage over traditional custom made stainless is astonishing.

700 Series

Our range of product are available in 700mm depth.
Larger 150mm upstand with bevelled edge.

simply the highest quality

SIMPLY
STAINLESS®

Because, we're concerned primarily with quality and hygiene, our products are made in 1.2 Gauge Stainless Steel with the No. 4 finish.

All of our products are fitted with 38mm diameter tubular polished legs with adjustable foot to easily cope with the ups and downs of uneven floors. The benches are backed with 3mm zinc aluminium coated steel whilst the sinks are fully welded unlike pressed sinks.

introducing simply stainless

SIMPLY
STAINLESS®

Simply Stainless has a simple philosophy - Quality, Availability, Value.

As far as we're concerned, there's no earthly reason why you shouldn't expect to find good quality modular sinks, benches and shelving, modestly priced. Even if it's something of a rarity these days.

And as you're about to discover, our products more than prove the point, the workmanship that goes into them is by any standards exceptional.

As is the quality of construction which you can read about in more detail on the following page.

However, we're more than happy to be judged by what is the truest test of our philosophy Quality, Availability, Value.

We could simply say we keep our prices as low as possible, which is perfectly true.

But we'd rather give you a somewhat more concrete example. Call us for details.

Simply Stainless offers a host of advantages, including:

- **Lower cost**
- **Instant Availability**
- **Higher Quality**
- **Low installation costs**
- **Complete product suite**
- **Higher residual value**
