U-140 / U-190

- Ranging from 140 lbs. (64 kg) to 190 lbs. (79 kg) daily ice production
- Only 26" (66.04 cm) wide, 28.00" (67.31 cm) deep, and 38.50" (82.55 cm) high on 6" (15.24 cm) legs
- Up to 90 lb. (40.8 kg) ice storage capacity

NEO undercounter ice machines are designed to provide ice right where you need it – within reach. Improvements in **Performance**, **Intelligence** and **Convenience** make your ice machine easy to own and less expensive to operate.

Performance – NEO produces more ice than ever before while using less water and energy. The storage bin provides industry leading capacity.

Intelligence – NEO provides feedback with full bin and service indicators. Delay function allows you to pause your machine for short periods or days when you're closed.

Convenience – NEO offers a forward-sliding storage bin for easy access to refrigeration components without having to move the entire ice machine. Smooth, sealed food-zone with removable water trough, distribution tube, and damper door for faster cleaning. AlphaSan added to key internal components.

Available **LuminIce™ Growth Inhibitor** extends cleaning intervals by reducing yeast and bacteria growth keeping your ice machine cleaner, longer.
