

ALTO SHAAM CS-100 & CS-100/S

SINGLE LIGHT CARVING STATION

Heated carving shelf is constructed in stainless steel and includes ON/OFF power switch and indicator light.

Heated shelf base is controlled by a 3 position toggle switch for LOW / MEDIUM / HIGH heat.

The 250 watt infrared heat lamp is controlled by ON/OFF switch. The exterior has a recessed surface to catch drippings and is furnished with one set of 25mm legs and cutting board.

STANDARD FEATURES

- HALO HEAT a controlled, uniform heat source radiating heat directly from the carving shelf surface.
- Fixed lamp assembly provides additional heat to the product surface for greater ambient surface temperature control.
- Proper and safe serving temperatures maintained without additional cooking.
- Shelf surface is recessed to catch drippings.
- Sanitary cutting board with gravy lane is completely removable. NSF and USDA listed.
- Designed to fit on top of a HALO HEAT Cook & Hold Oven, Heated Holding Cabinet, or suitable for placement on any surface.
- Clear glass customer breath guard easily slides in place and meets new NSF breath guard specifications.
- Low energy usage.
