

Cold Food Displays - Self Serve

W.CFSS.xx

The Woodson buffet style cold well self serve unit uses unique refrigeration principles to ensure food is always kept at the required temperatures.

Product Information:

- Unique front and rear acrylic lift-up doors can be manually locked into upright position to act as sneeze guards
- Designed for a maximum of 3 hours continuous use with doors open. Doors must be closed between sessions
- Unique blown air design passes a cold air blanket over the top of the food. The cold air then returns under and around the food pans creating an even cooling effect
- Features a full length evaporator coil. Adjustable digital controller designed to hold temperature accurately between 2°C and 5°C
- Designed to operate at ambient temperatures up to 32°C
- Undermount refrigeration unit supplied with drain hose from well for connection to waste
- Top mounted fluorescent light for illuminated interior
- Takes gastronorm pans up to 100mm deep (sold separately)
- Air insulated tank with double skin stainless steel construction
- Other pan sizes and combinations available
- Wide range of functional accessories available

Note:

- All accessories supplied loose for easy on site assembly
- All Woodson units are designed for use with Woodson pans. Other suppliers pans may fit, however this is not guaranteed.
