

Brema - CB 416

The ice cube for connoisseurs. The CB Series of ice cube makers with an internal storage bin are Brema's top selling models. The ice is not only elegant in appearance, it is high performance - adapting to any shape of drinking glass, crystalline, compact and cools drinks without diluting.

Quality cone shape ice cubes weighing 13 grams, with the trunk sides slightly squashed. The small size and pleasant appearance make this ice suitable for hotels, restaurants, pubs and clubs.
